

A diagram illustrating the relationship between three concepts: Interfaces, Bases, and Repositories. The diagram consists of three nested rectangular boxes. The outermost box is light blue with a dashed black border and contains the word "Interfaces" centered at the top. Inside this box is a rectangle with a solid black border, which contains two elements: a smaller blue box on the left with a solid black border containing the word "Bases", and the word "Repositories" to the right of the "Bases" box. The "Bases" box is positioned such that it is contained within the "Interfaces" box, and "Repositories" is also contained within the "Interfaces" box.

Interfaces

Bases

Repositories
