ProjectActivityRepository.DeleteAsync

```
graph LR; A[Persistence.Repositories.  
ProjectActivityRepository.DeleteAsync] --> B[Persistence.Repositories.  
ProjectActivityRepository.GetByIdAsync];
```

A diagram showing a call from the `DeleteAsync` method to the `GetByIdAsync` method. The `DeleteAsync` method is in a white box on the left, and the `GetByIdAsync` method is in a gray box on the right. A blue arrow points from the `DeleteAsync` box to the `GetByIdAsync` box.
